Honororable Roger J. Miner
United States Circuit Judge
United States Courthouse
Albany, New York 12201

Dear Judge Miner:

Thank you very much for sending me the reprint of your article, "Federal Courts, Federal Crimes, and Federalism," from the current issue of the Harvard Journal of Law and Public Policy. It arrived just this morning and I have sampled enough of it to recognize its importance. Obviously, its relevance to the Bicentennial makes it particularly timely.

I have shared it with my colleagues at the Center and have made arrangements for it to appear in The Source in a future issue of The Third Branch. I am also forwarding it to our Information Services for inclusion in their computerized index of materials.

Warm personal regards and renewed thanks.

Sincerely,

A. Leo Levin
